

## **Rare Earth, Mineral and Metal Pigments**

Every year we find or are sent fine examples of rare or ex-production samples of pigments.  
We have small quantities (up to 1-2kgs) of each of the following, available in 10g, and 100g glass jars.

Any of these colours can also be prepared to order, by hand, into oil or watercolour paint.  
Please ask for details.
